

Orangedox provides a streamlined solution for sharing confidential legal documents. Maintain control of your sensitive material throughout your legal proceedings.

Seamlessly integrated with Google Drive, Orangedox provides lawyers with a secure way to share confidential documents and create virtual data rooms while gaining valuable insights into engagement. Prevent password sharing and document downloads to ensure that only the intended recipient views can view your documents.

No limits on the number of files shared with up to 500 users per room. All for one low monthly rate.

Unlock Your 40 % Exclusive Discount for Orangedox only with Family Law

We're excited to partner with Family Law and offer you an exclusive discount of **40 % on our business plan** to help with your secure sharing needs.

Why Choose Orangedox?

- **Secure Document Sharing:** Ensure only authorized recipients access your files with device verification and online-only previews.
- **Detailed Document Tracking:** Gain insights into engagement with page-by-page tracking to understand how recipients interact with your files.
- **One-Click Virtual Data Rooms:** Set up virtual data rooms directly tied to Google Drive for fast and secure sharing of sensitive information.
- **Professional Branding:** Customize your document view with your logo and color scheme, presenting a polished and professional experience.
