Get the Results You Need—Fast, Accurate, and Compliant.

For over two decades, Neural IT has been the trusted partner for leading personal injury law firms and medical evaluators across the United States. Our mission is to provide time-saving, scalable, and secure medical-legal support solutions, empowering legal professionals to focus on what they do best—winning cases.

Why Top Law Firms Choose Neural IT

No Contracts, No Subscriptions

✓ Freedom to choose only the work you need, no forced terms. Scale up or down as your caseload demands.

Your Brand, Your Way

✓ Every document is custom-tailored to reflect your firm's unique style, voice, and professional tone—whether handling complex liability cases or straightforward claims.

Technology Meets Expertise

✓ Our AI-powered systems, combined with experienced medical doctors and legal professionals, ensure accuracy, detail, and efficiency in every document.

Flexible & Scalable Solutions

✓ Whether you're managing a single case or a high-volume caseload, our pay-per-use model guarantees cost efficiency"no hidden fees, no long-term commitments.

Lightning-Fast Turnaround

✓ Get your projects on time, every time. Our fast and reliable service ensures you meet critical deadlines without compromising on quality.

Our Expert Services

1

Demand Letter Drafting

Achieve higher settlement amounts faster with expertly crafted demand letters. Our legal professionals ensure every letter is compelling and accurate, which reduces workload and frees up valuable attorney time.

2

Medical Record Review & Chronology Services

Transform complex medical data into actionable insights. Our team saves you hours with organized, easy-to-read summaries to build a strong foundation for your case. Strengthen arguments with well-structured medical insights.

3

Medical Record Retrieval

Speed up case preparation with seamless access to essential medical records when you need them. Our specialists eliminate administrative burdens and handle the entire process, ensuring fast and secure document acquisition.

4

Litigation Support Services

Stay organized with expert trial preparation and case research with comprehensive litigation support. Our experienced team improves efficiency with end-to-end litigation assistance. Meet deadlines confidently with reliable document handling.

5

Virtual Paralegal Services

Optimize your practice with lower overhead costs and reliable remote paralegal support. Increase productivity from data entry to voice process outsourcing. Scale your team without hiring additional in-house staff.
